

HOUSTON

LANDMARK COLLECTION

Celebrate the "Space City" with the **Houston, Texas Landmark Collection** from Bridge Brands Chocolate! These three "postcard" tins are loaded with 3.5 oz of our gourmet chocolate drops, and each feature unique aspects of the city.

The first tin is filled with our **creamy White Chocolate Drops** and features a space-bound rocket launched from the Johnson Space Center. The second tin is packed with our **luscious Milk Chocolate Drops** and features the Sam Houston monument before the City Skyline. The third tin in the collection is stuffed with our **bold Dark Chocolate Drops** and features a collage of Houston landmarks, including the Sam Houston Monument, San Jacinto Monument, Houston City Hall and Nighttime City Skyline.

These keepsake tins are perfect remembrances of time spent in "H-Town." Visitors and locals alike will love to use these tins to store jewelry, loose change, golf tees, tackle and other knick-knacks – long after the delicious chocolate inside has been devoured!
