## LANDMARK COLLECTION

Celebrate "The Silicon Valley" with the **San Jose Landmark Collection** from Bridge Brands Chocolate! These three "postcard" tins are loaded with 3.5 oz of our gourmet chocolate drops, and each feature unique landmarks and vistas of the city.

The first tin is filled with our **creamy White Chocolate** Drops and features a collage of "Silicon Valley" technology. The second tin is packed with our **luscious Milk Chocolate** Drops and features a collage of local sights. The third tin in the collection is stuffed with our **bold Dark Chocolate** Drops and features the world-famous Winchester Mystery House.

These keepsake tins are perfect remembrances of time spent in San Jose. Visitors and locals alike will love to use these tins to store jewelry, loose change, golf tees, tackle and other knick-knacks – long after the delicious chocolate inside has been devoured!
